

If April showers bring May flowers, we are looking for some volunteers to help them prosper.

Please join your Brighton Heights neighbors to help make our local parks and garden look their best.

We will be meeting at the Brighton Heights Citizen Federation Office, conveniently located at 3629 California Avenue at 9:00 at the following two Saturdays:

May 14 -- We will be weeding and preparing the garden beds

May 21 – We will be planting annuals to make our gardens pop.

If you have garden gloves and digger please bring them. (The office also has some gloves and tools if you don't.) You don't need to have any skills, and if you are busy a half hour of your time is better than none at all. Also, we will be working probably past noon, so you are welcome to join us later.

For more information please give Mark a call at 412.761.3650 or you can send him an email at [hommefleur@outlook.com](mailto:hommefleur@outlook.com). We look forward to seeing you soon.
